

GOOD FRUIT - SU ISAAC

V1:

*Papa said work hard
But I'm so tired of my day job
Doing anything I can just to stay afloat
He said don't try to be heard
Before you learn from, and live for, and see the world*

PC:

*I've been looking for that good fruit
I've sown so many but I've been beat
Should've known better but she's got to eat
Another all nighter
I didn't mean to stay up talking
But I'm just trying to keep on living
Despite my fear of losing
Oh
Losing
Oh*

CH:

*One foot in front of another
One look won't hurt, get closer
She only breathes when she's smoking
She only breathes when she smokes*

V2:

*Mama didn't raise a quitter
That's why I gotta have my one hitter
Doing anything I can
Just to see it through
Maybe I'll be better
Today or Tomorrow, maybe next week*

PC:

*I've been looking for that good fruit
I've sown so many but I've been beat
Should've known better but she's got to eat
Another all nighter*

*I didn't mean to stay up talking
But I'm just trying to keep on living
Despite my fear of losing*

*Oh
Losing
Oh*

CH:

*One foot in front of another
One look won't hurt, get closer
She only breathes when she's smoking X2*

Bridge:

*I don't know what I'm supposed to do now
Now that I'm here
Like for real
Don't really don't really know what to do
But this is it
And I hope you like it*

CH:

*One foot in front of another
One look won't hurt, he said get closer
She only breathes when she's smoking
But it's just
One foot in front of another
One look won't hurt, he said get closer
She only breathes when she's smoking
She only breathes when she smokes*

*One foot in front of another
One look won't hurt, he said get closer
One foot in front of another
One look won't hurt, he said get closer
She only breathes when she smokes*

She only breathes when she smokes
