

I WANT - SU ISAAC

V1:

*I want a long life
With generations of happy
Not too long a life
To watch my bones break under me
I want to
To see myself
I want to learn myself*

CH:

*I want
Love without the lust
I want the hope without the fear
I want longing without the sadness
I want ambition without the madness- (hey) x2*

V2:

*I want a job that pays
And a dog that loves me
I want to be able to cook
When I miss that [fish moilee](#)
I want to love somebody
Who I can give all of my body to*

*I want a long life
With generations of happy
Not too long a life though
To watch my bones break under me
I want to
To see myself
I want to love myself*

CH:

*I want
Love without lust
I want the hope without the fear
I want longing without the sadness
I want ambition without the madness- (hey) x2*

Bridge/breakdown:

*Everyday the sun comes out
And everyday I hold it dear
But every now and then
I lose it all to my fear when*

*The chemicals in my brain
They tell me it's not the same
Suddenly I feel ok
I think I'll make it through today*

CH:

*I want
Love without the lust
I want the hope without the fear
I want longing without the sadness*

Love

*I want the hope without the fear
I want longing without the sadness
I want ambition without the madness- (hey) x2*
